**NOTES:**

NicCheck is reimbursed by insurance companies. Effective April 1, 2010, Medicare has created 2 new test codes, G0430 and G0431 to replace CPT Code 80101. G0431 is a direct replacement for CPT Code 80101 and should be utilized by those clinical laboratories that *do not* require a CLIA certificate of waiver. Those clinical laboratories that *do* require a CLIA certificate of waiver should utilize new test code G0431QW.
